THE STENNICATOR

1:128 MEDICATOR
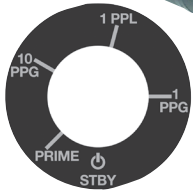

KEEP BIRDS HYDRATED & HEALTHY.
## KEEP PROFITS.

Compact and easy to install, the Stennicator accepts a pulse from a dry contact water meter. Adjustable to accept a signal from a 1 or 10 pulse per gallon (ppg) or 1 ppl (liter). The standby mode continues to send pulse to house controller.

- Injects directly into line eliminating water flow restriction
- Stock solution does not contact any moving parts
- Unaffected by water quality, scale or solids
- A second pump can be added to handle higher flow rates (5.4 gpm)
- Easily serviced with effortless tube replacement

CONVENIENT METER SYSTEM

Save time on installations with the Stennicator Meter System with the pump and 3/4" or 1" plastic, dry contact water meter pre-mounted on a heavy duty panel.

A flow indicator is included to confirm the solution is pumping and the junction box keeps the wires neatly contained.

STENNICATOR

Ideal for single poultry houses

- Patented quick release pump head design
- Solid one piece tube construction
- UL & cUL listed
- Item Number **E20MH81S**
- Product Dimensions: 5.3. x 3.6 x 5.8 in. (13.5 x 9.2 x 14.7 cm)
- Shipping Weight: 4 lbs (1.8 kg)

OPTIONAL PUMP MOUNTING ACCESSORIES

Mounting Kit EC303

For Stenner Tank
or wall mount

Stand EC304

For horizontal display
or wall mount

STENNICATOR METER SYSTEM

- Shipping Dimensions: 23 x 22 x 11 in. (58.4 x 55.9 x 27.9 cm)
- Product Dimensions: 19 x 18 x 7 in. (48.3 x 45.7 x 17.8 cm)

Single System

Item Number: **SE20MH81S**

Shipping Weight: 16 lbs (7.2 kg)

Dual System

Item Number: **DE20MH81S**

Shipping Weight: 20 lbs (9.1 kg)
